Dr. Dinesh Mohan
Room Number 222
School of Environmental Sciences
Jawaharlal Nehru University
New Mehrauli Road, New Delhi 110067

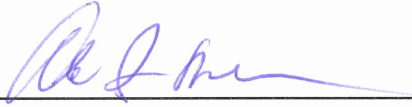

Dear Dr. Mohan:

I am pleased to grant you the status of Adjunct Professor in the Department of Chemistry at Mississippi State University (MSU), beginning on June 1, 2017 and ending on May 31, 2020.

We are excited about our current and future collaborations and although you will not be an employee of the university or receive any compensation, you will be given certain privileges at the university by virtue of this appointment. You are eligible to hold an MSU email account, use the Mitchell Memorial Library, and apply for a parking permit, as well as have access to the Department of Chemistry and other university facilities. Additionally, you will be able to serve as a member of graduate student committees.

Dr. Todd Mlsna will serve as your primary contact at Mississippi State University and will continue to work with you on collaborations between Jawaharlal Nehru University and MSU.

We look forward to having you as an Adjunct Professor and the mutually beneficial results of your appointment.

Alan I Marcus
Department of Chemistry
Interim Department Head

Approved:

Rick Travis
Dean, College of Arts & Sciences
