

School of Engineering  
Jawaharlal Nehru University  
**Date Sheet**  
**End Semester Examination**  
**(Winter Semester, Academic Year 2020-21)**

3rd Year CSE	Time	24-May	25-May	26-May	27-May	28-May	29-May	30-May	31-May
	10 am – 12 noon	Computer Graphics		Software Engineering		Theory of Computation	Artificial Intelligence	Computer Networks	Entrepreneurship Theory & Practices
	5:30 pm - 7:30 pm	Business Finance		Intermediate Microeconomics		India & Korean Peninsula			Information Theory and Coding

3rd Year ECE	Time	24-May	25-May	26-May	27-May	28-May	29-May	30-May	31-May
	10 am – 12 noon		Computer Architecture		Antenna & Wave Propagation		Artificial Intelligence	Microwave Devices and Circuits	Entrepreneurship Theory & Practices
	5:30 pm - 7:30 pm	Business Finance		Intermediate Microeconomics		India & Korean Peninsula			Information Theory and Coding

\* No End semester examination for "Introduction to VLSI design" between 24th May to 31st May 2021.

2nd Year CSE	Time	24-May	25-May	26-May	27-May	28-May	29-May	30-May	31-May
	10 am - 12 noon		Computer Architecture						Entrepreneurship Theory & Practices
	12:30 pm - 2:30 pm	DBMS				Numerical Methods	Professional Practices & Ethics		
	3:00 pm – 5:00 pm				Design Analysis & Algorithms			Signal & Systems	
	5:30 pm - 7:30 pm	Business Finance		Intermediate Microeconomics		India & Korean Peninsula			

2nd Year ECE	Time	24-May	25-May	26-May	27-May	28-May	29-May	30-May	31-May
	10 am – 12:00 noon								Entrepreneurship Theory & Practices
	12:30 pm - 2:30 pm		Thermodynamics	Principles of Communication	Analog Electronics	Numerical Methods	Professional Practices & Ethics		
	3:00 pm - 5:00 pm							Signal & Systems	
	5:30 pm - 7:30 pm	Business Finance		Intermediate Microeconomics		India & Korean Peninsula			

### Important Instructions:

1. The end semester examinations of winter semester, academic year 2020-21 will be held from **24<sup>th</sup> May to 31<sup>st</sup> May 2021 in Online Mode**.
2. The conduction of end semester examination shall be the responsibility of the faculty instructor.
3. The platform of examination will be decided by the faculty instructor. The students must be informed about the platform by the faculty instructor.
4. The examination will be of a **maximum duration of 2 hours**. The faculty instructors can design a paper of a lesser duration at their discretion.
5. A **buffer time of 10 minutes** is to be given to those students who experience internet disruptions.
6. Students who face internet disruption will immediately contact the faculty instructor with a viable proof of such disruption.
7. The decision of the faculty instructor on any matter related with the end semester examination of his/her course will be considered final by the School of Engineering.
8. The end term examination for **Computational Linguistics was conducted on 26<sup>th</sup> April 2021** and therefore the course has not been allocated any time slot in the date sheet.
9. The evaluation of **“Introduction to VLSI Design” for 3<sup>rd</sup> Year ECE** will take place at a later date. The students shall be informed at an appropriate time.
10. The students of **Computational Biology and Computational Finance** will contact their respective faculty instructors for end semester evaluation since the courses are running in project mode.
